**Subject:** Burns Park

Mr. Mayor

Congratulations on landing the new global headquarters of the First Orion company for downtown Argenta.

However the real accomplishment over the past couple of years is the improvement in the best city asset .... **Burns Park.**

The revitalization of the golf course and facilities, the mint condition of all of the baseball/softball fields, the improved disc golf , the best maintained soccer fields , the new playground equipment throughout the park, the newly relocated and improved equestrian park, new and improved signage, the now ongoing repair and building new restrooms, the ongoing repair of the pavilions, the resurfacing of the tennis courts, the much improved and enlarged RV Park, the addition of the ADA canoe launch area, the best urban mountain biking, equestrian, hiking trails in the state, and many more improvements that are too lengthy to list.

Burns Park was the go to place when I was a kid ( and still is) and I am proud to say it is now the best it has ever has been.  
Thanks to the team that leads this effort (copied above) and to the crews that do the daily tasks that make this happen.

Bill Toland
