Mayor Smith announced citizen public comment on legislation. Mr. James Ard spoke regarding R-19-95, R-19-96, and R-19-97. Mr. Ard asked council members to support employee raises (including council members). Mr. James McGloughn said the majority of (the residents of) the neighborhood are opposed to the change from residential to commercial use. The residents have lived in the neighborhood an average of 11 to 25+ years. They have a low crime rate because they all know each other and are aware of who is in the area. The only access to the property where the proposed change has been requested is through their residential neighborhood. He said they are not opposed to developing the area, but would like to see it developed as residential. Mr. Bobby Wilson has lived in the neighborhood since 1994. There are two churches, a school and hospital in the area in addition to residents. Traffic is already an issue that will only get worse. There is only one way in and one way out on Crystal Hill Road. Mr. Michael Lawson distributed an illustration and petitions which included 32 signatures of area property owners who are opposed to rezoning the request. This item went before the Planning Commissioners who voted against it. North Little Rock Fire Marshal John Pflasterer spoke regarding R-19-94, R-19-95, and R-19-98. He referenced the (Fire Department Uniformed Employee) contract and raises. Historically, Fire Battalion Chiefs have been included in (Fire) contract agreements. They were told they would not receive a 3% raise because they were not represented (by the Union). Chief Pflasterer said they are the only uniformed personnel who do not have bargaining representation at this time. Local 35 represents Firefighters. The FOP represents the Police Department and the Supervisors Association represents Police Sergeants and above. Currently, Fire Department Captains who work overtime earn more than the Battalion Chiefs. Chief Pflasterer asked the council to include them in the 3% raise. This is an incentive for them to study and do well to be promoted. Battalion Chief Phil Pounders also spoke regarding R-19-94, R-19-95, and R-19-98. He has worked for the North Little Rock Fire Department for over 34 years. His starting pay was \$14,370.00 annually. He worked a second job to make ends meet. As Battalion Chief he oversees every firefighter, station and apparatus. Since he has been in this position, he has received the same pay increase that was negotiated for firefighters. Battalion Chiefs work the same shifts as the uniformed firefighters they oversee. They also live at the station and respond to calls. He asked that they be included in the 3% increase. Mayor Smith said he will meet with them regarding their concerns. Across the board raises cause a difference in pay between the higher and lower paid employees. It has taken six years to get police department salaries in line. Fire Department salaries were aligned within the third year. Mayor Smith said his goal is to be fair. He has looked at (salary) comparisons with cities of similar size and budget. He encouraged them (Battalion Chiefs) to research what other large cities in the state are paying. Regarding longevity pay and other benefits, those should be the same (as uniformed firefighters). Mr. Dow Currier asked questions about O-19-64. Mayor Smith asked him to visit with Community Planning Director Shawn Spencer before the legislation is called.

AN ORDINANCE SUPPLEMENTING AND AMENDING ORDINANCE NO. 8869; CONSENTING TO PARITY INDEBTEDNESS; PRESCRIBING OTHER MATTERS RELATING THERETO; AND DECLARING AN EMERGENCY, was read. Mayor Smith said the city created it's one and only TIF District a number of years ago. It has been very successful and includes the Rock Water Boulevard area development. The developers are ready to proceed with Phase II which includes another 60 lots. When the district was created it was restricted. This legislation would allow the additional neighborhood. Finance Director Karen Scott advised the (North Little Rock) Electric Department originally loaned the money to the city. The current interest rate is 2.25%. The rate will increase on the existing debt to 3.25%. The projected rate on the new debt is 5.25%. The new bond would be slightly less than \$800,000.00 (in project funds). Both issues will pay out in 2031. Council Member Ross asked Mrs. Lisa Ferrell to explain school district funds. Mrs. Ferrell advised TIF funds can only be used for public infrastructure (sewer, road, water, etc.). The (State) Legislature carved out School Districts, Libraries, County Hospitals, and Police and Fire Pension Plans. Mrs. Ferrell said the Rock Water Development has brought in over \$50 million in increased property tax value. The new phase will include 43 single family residences ranging in price between \$325,000.00 and \$375,000.00. On the motion of Council Member Ross and seconded by Council Member Hight, and by consent of all members present, the readings were suspended (7/0). On the motion of Council Member Hight and seconded by Council Member Robinson, and by consent of all members present, the ordinance was adopted (7/0). Emergency clause adopted (7/0).

Without objection, O-19-64 was called (see above).

Mayor Smith advised a topping out ceremony was held this afternoon at the 600 Main Building. It is anticipated that construction will be completed by November (2019). A topping out ceremony was held on the First Orion building several weeks ago. It is estimated that it will be completed between December (2019) and February (2020). It is likely there will be a ground-breaking on the Power and Ice Building this summer. The View Apartment complex on the river is anticipating a ground breaking in December.
