RE: Landfill Tipping Fees Arrangement Extension

Dear Mayor Smith:

The City of Little Rock Solid Waste proposes to extend the current Solid Waste District Contract with the City of North Little Rock with adjustment that the City of Little Rock is no longer absorbing the district and state fees as part of the tipping fee bid price. The City of Little Rock proposes to continue the current tipping fee pricing and to adjust the fee to add any current district and state fees which are currently \$2.80 per ton. The proposed price will be extended for five (5) years and may be adjusted annually by the U.S. Implicit Price Deflator (IPD) for the U.S. Gross National Product, updated March 31 each year and published on the Arkansas Department of Environmental Quality (ADEQ) Solid Waste Division website. Below is a detail of the proposed fees.

Municipality	Tipping Fee	State/District Fees	Total
North Little Rock to City of Little Rock Landfill	\$13.59/ton	\$2.80/ton	\$16.39/ton

I would like to propose this renewal by all parties. If you agree with the extension of this agreement, please sign this letter below.

Sincerely,

Craig Douglass  
Executive Director  
Regional Recycling and Waste Reduction District
