City Of North Little Rock

reducin For Speed Hump Evaluation Study
Date: 12203
We, the residents of Street request the City of North Little Rock Traffic Services to conduct a speed study to determine if the following street satisfies the city adopted requirements for speed hump installation:
Name of affected Street WEST 32 This
Between Wision & Phr
(Intersections or Addresses)
Note:
1. Study will be conducted ONLY if 75% of the residents (fronting the affected street)
support speed hump installation. 2. Speed Humps may be installed ONLY if funding is available and study results indicate
that speed hump requirements are met.
3. Please make efforts to obtain signatures of <u>ALL</u> residents on the affected street (whether
for or against).
4. Signature <u>MUST</u> be of the residents of the affected street.5. Only one signature per household allowed.
Name/Address and phone number of the person representing the affected street:
TRAKIS 13/6 West 5200 Theef MLR, 12/18
(511) (12-10132
Return originals to: City Clerk's Office
Attn: Diane Whitbey 300 Main St.
North Little Rock, AR 72114
,
Please read carefully before signing:
While speed humps generally reduce vehicle speeds, they may also create other inconveniences
such as increased vehicular noise in the vicinity of speed humps. Also, because of spacing requirements, it is possible that a speed hump, associated pavement markings and signage, as
well as restricted parking may be installed adjacent to your property.
